**Place :** Southwestern Yacht Club 2702 Qualtrough St, San Diego, CA 92106

**Cost :** \$90 member, \$110 non-member

**Contact :** Education Officer (seo@sdsp.org)

*Electronic Navigation* introduces GPS technology from the most basic receiver to chart plotter systems for navigation on board. The process of navigating by establishing waypoints and routes, and then running the planned courses, is demonstrated. Further, electronic charting software for the desktop computer is examined, with creation of waypoints and routes on the desktop and subsequent download to the on-board unit. Despite differences among the various manufacturers' offerings, a thorough discussion of the features being made available is included.

Special attention is paid to apps for tablets and smartphones that provide the electronic navigation function at the helm, for relatively little cost.

Students should be familiar with basic charting concepts.

**Topic:** Electronic Navigation

**Time:** Wednesday Jan 3rd 2024 6:30 PM Pacific Time (US and Canada)

**Registration:** <https://www.usps.org/cgi-bin-nat/eddept/800/getregform.cgi?L-17767>
